

The PAPA Framework Guide

A practical roadmap for Purpose, Authority, Presence, and Alignment.

Start here

This resource is for reflection, coaching, and personal growth. It is not medical, mental health, legal, or financial advice. Move slowly, tell the truth, and take one faithful next step.

Purpose

Purpose asks: Who am I becoming as a father under God? This is not about a title. It is about the man your adult child experiences when pressure rises.

Practice: write one sentence that names the father you are becoming, then choose one behavior that proves it this week.

Authority

Authority is not control. It is the steady leadership that tells the truth, owns mistakes, and refuses to use anger as a shortcut.

Practice: replace one demand with one clear, calm invitation.

Presence

Presence means your adult child can experience you as steady, safe, and available without feeling managed.

Practice: listen for understanding before explaining your intent.

Alignment

Alignment closes the gap between what you say matters and how you live when nobody is applauding.

Practice: identify one promise, repair one inconsistency, and follow through quietly.

Write it down

My strongest pillar right now	
The pillar that needs attention	
One conversation I need to approach differently	

One faithful action this week

As long as you are both alive, it is not too late to become the father God is shaping you to be.
