

Presence Practices - 30-Day Plan

Daily micro-habits for becoming more present with your adult children.

Start here

This resource is for reflection, coaching, and personal growth. It is not medical, mental health, legal, or financial advice. Move slowly, tell the truth, and take one faithful next step.

How to use this plan

Choose one practice per day. Keep it small. The goal is not to force a breakthrough. The goal is to become more consistent, grounded, and safe to approach.

Repeat any practice that exposes something important. Small consistency rebuilds more trust than a large emotional speech.
