A guided worksheet for fathers naming their next faithful assignment.

This resource is for reflection, coaching, and personal growth. It is not medical, mental health, legal, or financial advice. Move slowly, tell the truth, and take one faithful next step.

Name the season

Purpose changes shape as children become adults. You may still love, bless, guide, and repair, but you cannot parent an adult the same way you parented a child.

The question is not, "How do I get control back?" The better question is, "Who must I become now?"

Listen for assignment

Look at your story, gifts, wounds, faith, and responsibilities. Purpose often appears where your experience can become service instead of regret.

Write it down

What season am I in as a father?	
What does my adult child need less of from me?	
What does my adult child need more of from me?	
What has God already taught me that I can now live?	
My one-sentence purpose for this season	

As long as you are both alive, it is not too late to become the father God is shaping you to be.
